

Vol. XXVII, No. 3
Fall 2006

C of E NEWS

c-of-e.org

A virtual home for C. of E. alumni and friends

The newly updated and expanded web site for the College of Emporia Alumni Association launched September 1, 2006. Board members **Megan (Isaac) Evans, A70** and **John Spencer, A70** are working with Beyond Web Design, a Wichita-based design company, to create a dynamic way to communicate with alumni and friends as well as tell the story of the College of Emporia for years to come.

The newly updated website at www.c-of-e.org.

Presbies are welcomed home at the home page, www.c-of-e.org, by none other than Presby Pete. Alumni can also find basic information about the alumni association and membership. The home page also includes five links: About Us, Scholarship, Newsletter, History and Campus Tour.

About Us features a complete list of the C. of E. Alumni Association Board of Directors, accomplishments, and purpose. The **Scholarship** link provides information about the C. of E. Alumni Association scholarship program and includes a pdf of the application form. The **Newsletter** link will archive newsletters beginning with the Fall 2005 issue.

The **History** link includes a timeline, a list of traditions, a faculty honor roll and an ever-growing collection of photographs that visually share the story of the College of Emporia. The **Campus Tour** offers photographs of campus from the past and present as well as historical notes.

This ongoing project would not be possible without the comments and contributions of alumni and friends. Are we missing your favorite C. of E. tidbit? Send your suggestion to John and Megan at jspencer@terraworld.net.
