Kenyon Hall Alert!

The reapplication for the tax credits needed to restore Kenyon Hall is presently under consideration. There are multiple applicants and limited tax credits. One of the measuring criteria is community interest. There are some indications that there is a belief that community interest in Kenyon Hall isn't strong.

Consequently, Jim Mathis, President of the C of E Alumni Association, is calling upon all C of E alumni and friends to e-mail Mr. Fred Bentley at fbentley@kshousingcorp.org to let Mr. Bentley

know of your interest in and support of saving Kenyon Hall. Alumni are encouraged to share with Mr. Bentley both personal and historic reasons why Kenyon Hall is a treasured historic building.

Those who prefer to write a letter to Mr. Bentley may do so. His address is:

Mr. Fred Bentley

2010 ALUMNI REUNION

The next C of E Alumni Reunion will be held July 2, 3 & 4, 2010, at the Marriott Hotel in Overland Park, Kansas. The continuing success of this event has made it an Alumni Association priority. The last reunion, held in 2007, drew almost 300 C of E alumni, former students, faculty, friends and spouses.

Co-Chairs for the 2010 event are Les Palmer and Nancy Ebberts. Among the new events planned for this reunion is the initial induction into the C of E Athletic Hall of Fame. It is the intention of the Alumni Association's Board to make the 2010 event the best reunion ever held.

Tracking Murders

Late in 1998 a journalist pursuing a story in a wild and remote part of Mexico was murdered. A search party eventually discovered his body in a makeshift grave.

The murdered reporter, Philip True, worked for editor **Robert Rivard, X74**, at the San Antonio Express-News. Rivard was a member of the search party and helped to dig out the body with his bare hands.

The experience galvanized Rivard who began a six-year odyssey through the Mexican legal and police system in an effort to bring the killers to justice. There were an incredible number of twists and turns in the path to resolution of the case, many of which were unexpected or bizarre.

After the case concluded, Rivard wrote a book, *Trail of Feathers*, about the entire episode. The book's title refers to the trail of feathers that escaped from a hole in True's sleeping bag, which eventually led searchers to the hidden grave.

The New York Times' William Grimes described Rivard's search for True and Bob's subsequent six-year pursuit of True's killers through the Mexican justice system as "quietly heroic."

Bob Rivard continues today as Editor and Executive Vice President-News at the San Antonio Express-News. This position reflects a lifelong interest in journalism that dates back to Bob's days at C of E when he was a co-founder of The Daily Planet, an off-campus newspaper focused on the college and its students.

Rivard's journalism career included a stint in the early 1980's working for Newsweek as Central American Bureau Chief in El Salvador. While in Central America, he received one of journalism's top awards, the Society of Professional Journalists' Distinguished Service Award for Foreign Correspondents for his coverage of military-backed death squads in El Salvador. During this time, Bob's working partner, Newsweek photographer John Hoagland, was killed in crossfire between soldiers and guerillas.

Subsequently Bob was promoted and returned to the United States. He served in New York City as Newsweek's Senior Editor and Chief of Correspondents until he decided in 1990 to return to Texas where he and his family, wife Monika Maeckle and two sons, had lived previously.

Membership

by **Gwen (Kerr) Lorenz - Vice President for Membership**

As of September 15, the dues-paying membership of the College of Emporia Alumni Association stands at 576 for 2008. The alumni paying dues for future years number 353 for 2009 and 195 for 2010. One member has even paid dues for every year through 2020! We expect about 1,740 copies of this newsletter to be mailed, and at least 100 of these go to households with two alumni members. Many of these C of E couples pay dues for both of them for each year.

This means that approximately 1,200 (or more) people receiving this newsletter are not paying for a subscription. The association's Board of Directors has visited about this

situation numerous times, but always the decision has been to "keep the connection" by mailing to everyone on our mailing list with a correct address. We know that some of our members are not able to pay the \$10 yearly dues, and we appreciate all that those individuals have done for our association through the years. However, if this means that YOU are one of those who have not paid the \$10 dues for this year and you can afford it, please find the membership form on page 7 and return it with your dues payment.

Thank you!

YEARBOOK WANTED

One of our members is hoping to locate a copy of the very last C of E yearbook, *The Final Walk*. If you have one available, please notify Gwen Lorenz. Her contact information is in the "Keep Us Informed" article to the right, and also on the back page.

Keep Us Informed

Please send us news about yourself. We want to hear from you.

You may e-mail either Gwen

Lorenz, Vice-President for Membership, at cofeglorenz@hotmail.com or John Acomb, newsletter editor at jacomb2@mac.com. If you prefer, please write us at P.O. Box 405, Emporia, KS 66801.

Football Reunion

A reunion of football players from the early 1960's was held at Eldon and Olivia Moore's farm in Council Grove on Sunday, September 28, 2008. This event marked the second year for this gathering. Many of the former players' wives attended also. Some of the attendees brought scrapbooks that were enjoyed by all. Attendees traded stories and made telephone calls to several former players who were unable to attend.

It should also be noted that those attending reported that Olivia prepared great food. Special praise was reserved for the barbeque.

Front Row: Jim Mathis, L. J. Corcoran, Eldon Moore, Charlie Kayser, Bill Swartz, Jim Miller

Back Row: Jim Corns, Wendell Derritt, Lyle Burkhart, Jim Switzer, Lester Palmer, Marvin Williamson, Bruce Ramage, Neil Crane

*2008 Kenyon Hall
Christmas Ornament*

Kenyon Hall Christmas Ornament

Emporia Main Street is a downtown business organization dedicated to preserving Emporia's community heritage. Each year they produce a collectable Christmas ornament. These ornaments are in great demand among Emporia's current and former residents.

Since preservation of historically significant buildings is important to this organization, this year's ornament honors Kenyon Hall. It is a classic brass, three-dimensional, twist style ornament with the building in the middle. This is a limited edition ornament and is anticipated to sell out quickly.

C of E alumni can order this ornament now. The cost is \$10.00 plus a \$5.00 shipping and handling charge.

Orders can be placed by calling (620) 340-6430 or by e-mailing main.street@emporia-kansas.gov. Emporia Main Street accepts both Visa and Master Card.

Early Preparations

Application forms for C of E scholarships to be awarded for the 2009 - '10 school year are currently available. While the completed applications aren't due until April 1, 2009, obtaining the form early allows orderly accumulation of the required information.

The scholarship program is a major activity of your alumni association. Up to six scholarships per year are awarded. Descendants of C of E alumni and staff are eligible to apply. Note also that descendants of those who attended C of E but did not graduate from there are also eligible for the scholarships.

To get the application form and instructions, go to the C of E website, www.c-of-e.org, click on the scholarship link, download and print it. You may write for an application at P.O. Box 405, Emporia, KS 66801, or you may call (620) 342-0215 or (620) 342-3112.

Getting Lean

Implementation of Lean Management Systems is a special area of expertise for World Class Strategies, a successful California-based consulting firm. **Joe Bailey, X60**, is one of the firm's principals.

After leaving C of E, Joe obtained his degree from Kansas University and then served a stint with the Army in Vietnam. Subsequently, his career progressed through service as a Plant Superintendent with Goodyear Tire & Rubber to top management positions with Fairchild Industries and Scientific Atlanta to various consulting companies specializing in enhancing manufacturing efficiency and accelerating corporate growth. He started World Class Strategies in 1990.

The approach utilized by Joe's company stresses instruction on the shop floor rather than in the classroom. The goal is not only to get lean but also to instill a culture of continuous improvement in every client company and to implement the lean philosophy throughout the organization. Positive improvements in client's operations have led to the success of World Class Strategies.
